Web Version: Bathing Admittance Form for \_\_\_\_\_.

Our bathing service includes special attention to anals, ears, nails and a brushing. While your pet is here we do not offer food, but water is kept with him or her the entire time. Baths are done first thing in the morning and drying and brushing are done throughout the day. We recommend pets go home after 3:00pm to ensure they are completely dry. If you request an earlier time please let the receptionist know.

\*\*\*We discourage leaving any personal property here. In the event items are left here, Reston Animal Hospital is not responsible for any lost or damaged items (not including food and medications). \*\*\*

Bath Prices are as follows:

1-30# \$39.73, 31-60# \$45.40, 61-90# \$51.08, 91-120# \$56.76, Over 120# \$62.44, Cats \$45.41.

What are we doing for your pet today?

Routine Bath [  ] Flea bath [  ] additional charge of \$2.20

Pet Silk Shampoo and Conditioner [  ] additional charge \$5.00

Gentle professional formula with herbs and silk to condition, moisturize and shine. The luxury your pet deserves in order to feel fresh and smell good.

Did you bring your own shampoo? Yes [  ] No [  ] Please list shampoo: \_\_\_\_\_

If we are bathing your pet for fleas, please be aware that flea shampoos are only active as long as the shampoo is on your pet. You may still see fleas on your pet. If you are having infestation problems, please consult our staff about any of the other products available for long-term efficacy.

If fleas are found on your pet, we will use a flea shampoo for an additional fee. We also recommend using topical flea products, which need to be applied either at least 2 days before or after a bath.

Certain topical treatments recommend using a non-soap shampoo or a hypoallergenic shampoo.

Are you currently using a topical flea/tick control on your pet? Yes [  ] No [  ]

If yes, please specify. Frontline [  ] Advantix [  ] Revolution [  ] Other [  ] Please list: \_\_\_\_\_

When was it last applied? \_\_\_\_\_

If your pet requires extra bathing or brushing there will be an additional fee. Any matts found on your pet may prevent us from bathing your pet, since matts worsen after bathing.

If matts cannot be brushed out easily, your pet will require them to be clipped out for an additional fee of \$8.84 per 10 minutes of clipping time. If you choose not to have them clipped out, the bath cannot be done.

Yes, if clipping is needed it is okay [  ]

No, do not clip matts off my pet [  ]

If you have selected no and your pet has matts we will not be able to bathe him/her. We recommend taking them to a professional groomer. Matts worsen over time and can become painful.

A cat or dog at an animal hospital sometimes becomes more stressed and aggressive. In these circumstances we offer bathing them under sedation for their safety and ours. If you request this service your pet should have been fasted this morning.

Also, please fill out the following:

In preparation for anesthesia, it is required that all animals have bloodwork completed prior to the procedure. Past bloodwork is only acceptable if performed in the last 6 months. There are 2 presurgical panels we offer; a mini panel that is \$34.05 and a full panel that costs \$104.41. If your pet is over 8 years of age the full panel is required. Fees for blood testing are in addition to the surgery prices. Heartworm tests must be current before anesthetic procedures.

Full Panel [  ] Mini Panel [  ] Decline Testing [  ]

IF NO CHOICE IS MARKED OR LEFT UP TO THE DOCTOR, TESTING WILL BE DONE AT YOUR EXPENSE.
